

THE AI QUICK-WIN CHECKLIST FOR LOCAL BUSINESS

Nine things you can put in place this month to stop losing customers you never knew you missed. No hype. Start with one.

01 NEVER MISS A CUSTOMER

- ☐ Turn on missed-call text-back so no call goes unanswered.
- ☐ Set one auto-reply for after-hours calls and messages.
- ☐ Answer your top 10 repeat questions with a simple 24/7 assistant.

02 GET FOUND AND TRUSTED

- ☐ Claim and fully complete your Google Business Profile — hours, photos, services.
- ☐ Reply to every review, good and bad, within a few days.
- ☐ Ask every happy customer for a review (a one-line text works).

03 FOLLOW UP WITHOUT LIFTING A FINGER

- ☐ Put one lead-capture form where customers already look.
- ☐ Set up one automatic follow-up so no lead goes cold.
- ☐ Start a list you own (email) — the one asset a platform can't take from you.
